

**FOR IMMEDIATE RELEASE
DECEMBER 19, 2011**

**QUALITY AIRCRAFT ACCESSORIES (QAA) OF TULSA OKLAHOMA DESIGNATED
EXCLUSIVE AOG DISTRIBUTOR FOR CHAMPION'S SLICK BY CHAMPION™ PRODUCT LINE**

LIBERTY, S.C.— South Carolina-based Champion Aerospace LLC, a wholly owned subsidiary of TransDigm Group, Inc., announces that it has designated Quality Aircraft Accessories (QAA) as the exclusive AOG distributor for all of its Slick by Champion™ products (including its highly engineered Slick™ magnetos, harnesses, and ignition components), as well as the authorized service center for Slick magnetos.

This designation allows QAA to provide an additional level of support to their mutual customer base, assuring high quality Slick by Champion products for the most demanding delivery requirements.

“Together we are committed to improving the availability of Slick by Champion parts, components, and accessories,” said Brett Benton, Chief Executive Officer of QAA. “With our extensive inventory and supply of hard-to-find components, we can now service general aviation aircraft customers faster and more efficiently—and with a wider array of solutions.”

Slick by Champion products are approved for use on virtually all of the world's most popular general aviation piston aircraft. They are used on a wide variety of aircraft applications, including the entire fixed-wing piston aircraft line of Cessna and multiple models of Piper and Diamond aircraft.

For more information, email kevingallagher@champaero.com or call Brett Benton at 918-835-6948.
